Clement Walsh
Landscape Architect, Inc.

Rebecca Bagdigian

PROFESSIONAL EXPERIENCE

Landscape Designer
Clement Walsh Landscape Architect, Inc., Tualatin, OR — September 2025-Present

- Participate in initial consultations with clients to discuss the project scope of work and vision
- Conduct site measurements and site conditions assessment, and draw up a detailed site analysis
- Research local and state regulations, guidelines, and code that will impact the site
- Develop detailed landscape plans with input from the principal, incorporating sustainable practices where appropriate
- Create customized planting, lighting, and irrigation plans using LandFX
- Create in-house project construction estimates and coordinate construction bids
- Coordinate plant sourcing, plant substitutions, and plant placements during the construction phase
- Participate in post-construction walk-throughs and compile post-construction punch list reports
- Develop a maintenance plan based on proper care of all landscape elements to achieve the landscape vision

Landscape Designer I
Weston & Sampson, Reading, MA — May 2023 – June 2025

- Designs, presents, and documents a broad range of project types across all scales
- Assists in creating construction documents, grading plans, public presentations, and detailed drawings
- Aids project managers with interdisciplinary coordination, site analysis, and project estimates

Landscape Architecture Intern
Stantec, Boston, MA — Summer 2022

- Assisted in creating construction documents, grading plans, client presentations, and detail drawings
- Aided project managers in site visits, project estimates, and post-construction inventory
